

CRM TRAINING PACKAGE

CRM ESSENTIALS FOR NEW AND EXPERIENCED USERS, CLIENT AND MEMBER/PARTNER TRAINING

Comprehensive and hands-on, this is the core training that ensures your success with the Simpleview CRM. It is a must for new users, but also a beneficial refresher for those who are ready to significantly ramp up their skills and knowledge about using the Simpleview CRM to solve their most pressing challenges. We recommend users take this course before starting to use the Simpleview CRM, whether in a new system or one that has been established at their organization for many years.

DURATION

Trainings will be a total of 5 days

LOCATION

On-site at client's office or Simpleview's Tucson or Pittsburgh offices

BEFORE THE TRAINING

We highly recommend that students participate in our CRM Overview online course in the Brainery and take the associated exam before the on-site training session, as it will provide a solid understanding of basic Simpleview CRM concepts and functionality. Going through the material will provide the smoothest training experience possible.
