

Bring proposals to life with SendSites

Create engaging, interactive proposals that will bring more business to your destination.

LET'S TALK

Your RFP solution is simple. **It's SendSites.**

RFPs that used to take days to compile can now take just hours, which leaves you with more time to go after more business. SendSites integrates with Simpleview CRM for added efficiency and helps you:

Stand out from the crowd

When competing for group business, you need a way to convey why your destination is unique and why attendees will appreciate it. By bringing your RFPs to life with videos, virtual tours, maps, and other interactive elements, you'll create modern, curated proposals that are actually fun to review.

Hit your sales goals and win more bids

By streamlining your RFPs with customized, branded templates delivered as visually stunning webpages, your team will spend less time on paperwork and more on building relationships.

Track engagement with real-time notifications

By knowing when proposals are opened and seeing what content meetings planners have interacted with, your follow-up communication will be timely and targeted, ensuring you never miss an opportunity to win new business.

Seamless CRM Integration

Pulling in room blocks and lead information directly from Simpleview CRM will reduce your data entry. Who couldn't use a little more time in their day?

SendSites offers:

- Custom templates with videos, galleries, virtual tours, and maps
- Tailored themes designed for various group events
- A mobile-friendly experience
- Itineraries and virtual Fam Trip templates are available

Want expert onboarding, training and support? You've got it!

SendSites is an ideal online platform for bid proposals because it can be tailored and customized along with providing a visually appealing format that is easy to navigate. And being able to track engagement in real-time is a big benefit.”
